Awareness of F5 Data Breach

Dear Valued Northrop Grumman (NG) Supplier,

We are writing to inform you of a recently reported data breach involving F5, Inc., a technology provider whose products are widely used across industry and government networks. We encourage all suppliers to stay informed and take appropriate precautions if your systems or services utilize F5 products. F5 is providing information here: [F5 Security Incident](#).

This notice is provided for awareness only. It does not constitute a change to any existing contract, nor should it be considered legal, cybersecurity, or compliance advice. We recommend monitoring official F5 communications and cybersecurity advisories for updates and guidance on any required actions.
